PRAYER

Allah is One and Almighty. He is our Lord. He has created us and everything that is on the earth and in the heavens. He has no partner. He has no mother or father, son or daughter - He is eternal. There is nothing like Him.

He knows everything. He sees everything. He hears everything. Nothing is hidden from Him. He is kind and loving. He is gracious and merciful. He is compassionate and forgiving.

He is the only one who provides each one of His creation with the means to survive - He is the One who has created everything for our survival: like the earth on which crops grow, the sun which provides warmth, water which living things drink from, the air which they breathe and kindling for fire.

He is the One Who is worthy of worship. Nothing else should be worshipped but God.
